

## Appendix D: Site Photos

Image number	Image	Description
1	 A wide-angle photograph showing a vast, flat landscape covered in dense, dry grass and low-lying shrubs. The horizon is low, with a few distant trees and structures visible under a bright blue sky with scattered white clouds.	Northern view of the conservation and buffer areas.
2	 A photograph of a field with sparse, dry vegetation. A speech bubble with the text "Re-establishment of vegetation" points to a small, green, bushy plant in the foreground. In the background, there are more trees and a distant horizon under a blue sky with light clouds.	Re-establishment of vegetation in the conservation area.

3

View of the eastern portion that was cleared.
